New Series Premier “So Wrong” from director Dan O’Connell

Director Dan O’Connell proves something “So Wrong” can feel so right!

Lesbian adult film studio Girlfriends Films has released the debut episode in an all-new Twisted Passions lesbian sex sub-series, entitled So Wrong. The new film ‘Twisted Passions 21 – So Wrong Part One’ is now available on DVD at the Girlfriends Films website and in stores nationwide.

Featuring over 3.5 hours of “drama, passion and smoldering sex” the film marks the first episode in the new ‘So Wrong’ series which, according to creator/director and Girlfriends Films founder Dan O’Connell, was inspired by a decade-old Girlfriends series. In a recent interview with Fleshbot O’Connell provided a sneak peak into his new brainchild featuring Reagan Foxx, Violet Starr and Karlee Grey in revamped versions of characters from the 2007 series ‘Unnatural Daughter.’

“Late last year I figured out a terrific new storyline and we began shooting it this past February,” O’Connell revealed. “I’ve developed this into a much better and extremely creepy story with some really good character and story twists.” The director went on to say the first two episodes were already complete, calling the series one of the “creepiest” projects he has ever put together – along with his Lesbian Psychodramas sub-series appropriately dubbed Messed Up.

As the series begins, viewers find leading lady Reagan Foxx, a schoolteacher, in a quandary.

Faced with a decision to leave daughter Violet Starr behind to take a high-paying teaching job in Thornhill, Reagan leaves Violet in the capable hands of close friend and confidante, therapist Dr. Mindi (Mink). When Foxx arrives in Thornhill, her search for housing leads to potential roommate Karlee Grey. What neither of them count on is the landlord wants to rent to “family members” only, setting the stage for the duo to embark down a path of sexual tension and lies that immediately begin to snowball when they pretend to be mother and daughter in order to rent the property.

The new release also features cover models Vanessa Veracruz and her scene partner Ryan Ryans, along with the return of Rain DeGrey in a commanding role opposite Amarna Miller. DeGrey last appeared in Girlfriends Films 2014 movie ‘Road Queen 28’ with Jenna J. Ross. Also appearing in the film is Lena Paul in a non-sex performance as the Vice Principal of Reagan Foxx’s new teaching venue, The Thornhill Academy. Foxx and Paul were paired together for an older/younger lesbian sex scene in recent Girlfriends Films release Mother Daughter Exchange Club 47.

“So Wrong Episode 1” is now available at the Girlfriends Films Distribution website and in stores nationwide. For more information, please visit the Twisted Passions 21 detail page at the official Girlfriends Films website.
