LESBIANS

IN A

THREESOME

I would like to think the title for this speaks about it all, but if we're being completely honest, Most of this is going to throw you for a loop when it comes to lesbians and our thoughts on threesomes. I've had quite a few threesomes myself. . . mainly being the third party invited; some involving men and another woman . . . most consisting of two women, and just about all of them consisted of a really good time.

If you're anything like me you're a giver. It turns me on to turn on others - so having threesomes is always considered to be a party. The more, the merrier. But being frank, having a threesome with two other females can get much more tricky in dynamic then having a threesome with a male involved. I prefer women, every day, all day, but throwing a man into the picture does allow my brains fantasies of what it would be like to be inside of a woman die down in some strange way. In fact, after speaking to a couple other lesbian friends of mine - I'd say they have to agree. For the reasons men will love a three some with two women, lesbians actually dislike. Well, I can't speak on the behalf of all of them but for the chunk I have spoken to we all agree on this:

It can be too wet. I know, if someone would have told me that before trying it - I would have thought they were nuts too. How can a woman be TOO wet? The more wet, the better . . . usually. but when you have three females turned on, when you're swapping places back and forth between having your face between one's legs, her hands on the back of your head pressing your tongue deeper against her, and then the other with her face between yours it can get slightly messy. Not to mention, once again, I'm a giver. I like to please and it turns me on to turn others on. . .

with that being said, trying to manage to please two other females at the same time has the tendency to take away on any focus from being pleased at all. A three some with a man, a man that understands you're a lesbian, gives you the pleasure to work with him in making sure the other woman is being taken care of. You have the focus of putting all your energy into this one person all while knowing most times you're turning on the man as well just from him hearing the moan that comes out of the other woman's mouth when you put your fingers in her.

It's bizarre when you think about it: A lesbian would rather have a threesome with a man involved than two women. A huge reason lesbians shy away from threesomes with three women is simply for the fact of not wanting to involve so many toys. Trading positions, switching toys, it can be a lot. Though, the thought of being inside one woman with a strap on, making her cum and putting it inside of another isn't the worst thought to have - the more I think about it - that is the only reason I'd accept so easily to have a threesome with two other women. The wanting of a threesome with a man is simply more for the fantasizing of something we can't have.

It's the exploring aspect of wanting more but accepting how lucky we are to get what we do on the regular basis. Which I think brings us back to the reason why threesomes with three women can be a little much. It's a sensory overload. A damn good one, but nonetheless an overload.

Jayden Cole & Ryan Keely

headline an All-Star cast in
Women Seeking Women 155

The 'most awarded series in the history of adult movies' is back!

Girlfriends Films has announced the release of *Women Seeking Women 155*. Now available on DVD and On Demand, this new filming boasting over 3 hours of girl-on-girl adult footage stars Jessica Rex, Jade Baker, Lauren Phillips, and Summer Day in a story about the fictional 'Netskirts' website. In a scheme cooked up by hot and horny friends, Summer Day and Jade Baker, the two girls lure unsuspecting Phillips and Rex under the premise of a 'kissing contest' to what soon becomes hot lesbian sex.

Director Dan O'Connell also paired cover models Chanel Preston and Eliza Ibarra, and real-life friends Jayden Cole and Ryan Keely for the other storyline. "Jayden and Ryan are friends outside the world of adult movie-making," the director explains. "These relationships often provide the chemistry for our best scenes and this pairing is no exception. It will be very obvious to any viewer that these two are truly enjoying themselves and having some big and very real orgasms."

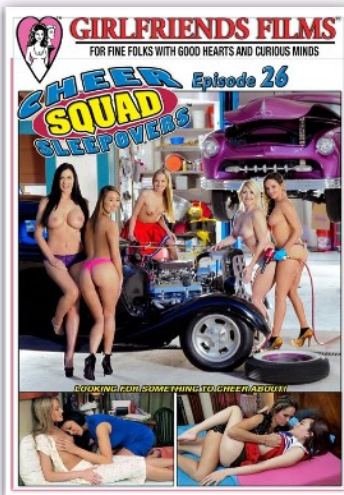

The set-up involves sisters Ryan Keely and Chanel Preston, who inherit a house and invite roommates to live with them. When new 'roommate' Jayden Cole appears, Keely

recognizes her from adult films. According to O'Connell, "This scene is a true stand-out and even starts out unusually. Ryan recognizes Jayden from porn films, and then fantasizes to short clips of Jayden dressed in vintage-lingerie pin-up outfits that we shot several years ago for our *Pin-up Girls* series. We also added a scene in which Ryan masturbates to her fantasies of having a reluctant Jayden disrobe right in front of her. Jayden is close to six-feet tall and may have the longest legs in the business, which always adds to a scene. While this could be worth the price of admission by itself, these two teasers are just the mental foreplay that sets up their real-life encounter. Overloaded with two very graphic fantasies of Jayden, Ryan finally invites herself into Jayden's bedroom and seduces her for the real thing. Their scene was fantastic!"

O'Connell adds the production left an impression on him and a memory he will never forget. "There is one image in this scene that sticks in my head and is emblematic of time together...a facial shot of Ryan that shows extreme emotion and pleasure as Jayden licks her from below. This is definitely a performance that should receive award consideration."

Congratulations to directors, talent, cast, and crew! *Women Seeking Women* is nominated for the 2018 XRCO Awards in the "Best Girl/Girl Series" category. The awards are scheduled to take place June 28th in Los Angeles, California.
