# GIRLFRIENDS UNVEILS 'A Decade of Desire' with Contract Star Prinzzess!

**A DECADE OF  
DESIRE**

Prinzzess is being honored in celebration of ten years under contract with #1 leading lesbian film company *Girlfriends Films* in the form of a 2-disc DVD set entitled *Prinzzess: A Decade of Desire*. The movie directed by B. Skow features the exclusively all-girl performer in four new scenes opposite Abigail Mac, Carter Cruise, Jessa Rhodes, and Zoey Monroe.

Comprised of a whopping 5+ hours of footage, the film is now available for online viewing at the *Girlfriends Films* membership website and contains exclusive bonus material including Prinzzess' first anal scene [with India Summer] and a candid 20-minute conversation between Summer, Prinzzess, and studio founder Dan O'Connell who share tales of favorite shoots, traveling, and their personal history both on and off-camera.

O'Connell mentions his first encounter with the all-girl contract star. "I remember hearing about Prinzzess a little over 10 years ago," the director recalls, "and I kept hearing there is this girl that I HAVE to meet." He didn't give much credence to the advice at first, but they eventually arranged a shoot together and O'Connell describes their first meeting, "I can remember her opening the door and going, "Oh, my God, she IS 'uber' cute."

Taken with her beauty and on-camera talent, the studio gave Prinzzess an exclusive contract after only a handful of scenes. “You impressed us early,” O’Connell says. And it was a move that paid off big time.

The contracted starlet went on to shoot a total of 269 film titles (to date) and has garnered numerous industry nominations and awards including Girl/Girl Performer of the Year, Best All-Girl Sex Scene and Best Feature Dancer. She currently holds the record for longest girl/girl contract, more DVD covers than any all-girl performer in history, and greatest number of scenes with Girlfriends Films, making Prinzzess the highest grossing all-girl performer of all time.

Moose, President of Girlfriends Films, weighs in on the milestone film, “We wanted to do something really special for the Prinzzess anniversary showcase, and having Skow shoot her with the amazing cast was just the beginning. Then, bringing in the personal element of Dan and India reminiscing was the perfect touch to give fans an

insight on what it’s like behind the scenes and the special bond that all of us share.”

According to O’Connell, “I don’t have kids and she has become somewhat like a daughter to me.”

Moose adds, “We talk a lot about our Girlfriends family, and it holds true. Prinzzess is truly one of the best at what she does, and she is one of the nicest people I know.”

“It’s been a great ten years,” O’Connell says, “and I hope we do a lot [more].”

Prinzzess: A Decade of Desire is currently available for DVD purchase at the Girlfriends Films distribution website and in stores nationwide. Girlfriends Films members can view all four scenes plus the behind-the-scenes interview on the membership website.

Girlfriends Films is extending an offer for new members to receive half off thru the end of October using promo code: **PRINZZESS50**

# CHERIE DEVILLE IS BACK!

The all-new film starring Cherie DeVille and scene partner Victoria Voxxx also features Jill Kassidy in two scene pairings opposite Elsa Jean and Milana May. Additionally, the movie marks the Girlfriends Films debut of Carmen Caliente, co-starring with *Girlfriends* veteran Reagan Foxx. Foxx was DeVille's scene partner in *Twisted Passions 22*, the last GFF scene Cherie DeVille appeared in prior to her hiatus.

According to director Dan O'Connell, "We hadn't shot Cherie for over a year as she'd been contracted with another company." For her return, O'Connell chose to pair the blonde bombshell with hot newcomer Victoria Voxxx.

Cherie DeVille was elated about the new coupling. "This was my first time having sex with Victoria and she is amazing! Dan is truly a terrific match maker."

Moose, President of Girlfriends Films, weighed-in on DeVille's return, "We are so stoked to have Cherie back on set at Girlfriends. She has been a huge part of the Girlfriends Films family for years and it's great to have her back. Her scene with Victoria Voxxx is nothing short of amazing, and we look forward to many more epic scenes to come."

# THINGS I WISH I KNEW DURING MY FIRST GIRL/GIRL RELATIONSHIP

Lesbians have this bad judgment casted upon us, and as much as I'd like to say the stereotype isn't true . . . it is. If you've ever heard the term "U-haul lesbian", it's usually pushed upon lesbians who meet, fall in love, co-parent a pet, and move in together all within a 6 month time period. You'd think "wow, they really know what they want, how incredibly lucky to find someone you love so quickly. I guess, when you know - you know." This would be such an amazing fairytale ending if only: most of these lesbians didn't break up after a month of living together, fight over who gets to keep the pet, and then drains their energy as if they just lost their own lifeline to staying alive.

If there was a way to go back in time and tell my newly out and proud lesbian self what being with a girl will be like for the first time, it is this: Remember not to make any sudden moves based on emotions. Two girls in one relationship will bring out all the most intense feelings and emotions you can have and it will feel heavy, and dramatic, and the sex will intensify it, and you'll glorify it - but 9 out of 10 times - feelings change, emotions fluctuate and what feels like heaven now - without any logic involved - will surely feel like hell later.

Don't get me wrong, I love being a woman, and I love even more being a woman who loves women but when you're first opening yourself up to a girl on girl relationship it can feel as though the weight of the world is on the two of you and nothing else matters.

Emotions aside, you'll think sleeping with this girl is the best sex you've ever had. 1) because you're either coming from a place of sleeping with a man previously (sorry fellas) or you just seem to be so infatuated with the idea you created of the beautiful female body in your head that there is no getting you to see that the sex your having is just as mediocre as the relationship of 6 months itself is. I might be speaking very pessimistically but in my defense as I've gotten older and have had sex with a lot more women, I now understand that the first girl you sleep with isn't the best sex you'll have, and your intensified emotions are only what makes it seem otherwise.

Growing up means welcoming you to an adult filled series of dating, and sex, and having fun with sex. It means exploring yourself and remembering that just because you have a female body doesn't mean that every other female likes the same things you do. I personally would have been much better in bed my first relationship with a woman if this were something I knew to think about ahead of time, but luck of the draw allowed me to believe what felt good for me, might as well be tried out on someone else as well. . . . boy do I wish I could find a crowd of new out and proud lesbians just to let them know how wrong I actually was in this thought.

I think there are a lot of things I wish someone would have told me about what it would be like to be with a girl for the first time. The emotions that come with this type of relationship truly change any clear perspective of what reality you could be living in. The intensity will grab you by surprise and yet no matter how dramatic it may seem - you'll find yourself thanking God daily for making you a lesbian.
