Think you know all there is to know about girls who like girls? Our in-house columnist S.Tylene gives insight on what every guy should know about lesbians

There is a very large misconception when it comes to lesbians. The way we carry ourselves as people, the way some of us carry ourselves in relationships, and especially the way we have sex. I can't be upset about this misconception - though it's annoying at times - I have actually started to find it intriguing. People have the wildest stories made up in their head about what a typical lesbian relationship should look like, and rightfully so. Movies, television, porn . . . the media does a great job at filling our heads with all the things that would make a lesbian more of a . . . well, lesbian. I'm sure the fantasies that are built up in your minds about us are great (I mean I even have my own, so I understand) but I'm going to take a second to clarify some of thing I feel like might be knowledgeable for you to know. having my fingers deep inside of a woman while she moans for to me to go harder and faster, but on the other hand - a strap on gives me the option to feel more suited in the way our bodies fit on one another and I'm still being mindfully aware of the female energy I am in. do want to take the time to express why we really don't make more of an effort with them; well, in my opinion.

First thing to know about Lesbians is this: We use sex toys for the simple act of spicing up our relationship and adding more into the intimacy of us having sex.

FIVE THINGS EVERY GUY SHOULD KNOW ABOUT LESBIANS

The amount of times I have heard “I don’t get why you use a strap on, why not just have sex with a guy if you want a good dick in you,” is beyond me. There is a large sense of pleasure when it comes to having sex with another female and using a strap on - esp. On my end, to be able to be “inside” of a woman while having both my hands available to put on her body brings a sense of closeness that isn’t able to be achieved when I have to have one hand being used at all times. There is nothing like a sense of pleasure and closeness from having my fingers deep inside of a woman while she moans for to me to go harder and faster, but on the other hand - a strap on gives me the option to feel more suited in the way our bodies fit on one another and I’m still being mindfully aware of the female energy I am in.

The second thing you should know about lesbians is that not every relationship carries out roles of male and female. When we are asked, “Who is the boy in the relationship,” it becomes such a twisted response to explain neither of us are and that’s exactly why we are dating one another. Just because one female may look more dominant than the other, it in no way means that they are implied to be the “boy” of the relationship.

With this comes the third thing to know about Lesbians and it is this: Suggesting the reason we are lesbians is because we haven’t with a good guy is actually the fastest way to make us never be or try with anyway again. I think this tends to be an issue with many, not realizing that what you’re actually doing when asking this is invalidating our feelings for the present state we are in - regardless if you think you may be into something or not.

I’m just going to say this boldly: The lesbian porn you are watching is hot. It’s really hot, and sexy, and it definitely is going to make you horny . . . However, real lesbian sex . . . seldom does it happens like it does in porn. The fourth thing to know about lesbians is that scissoring is an actual thing, and we do love it, but we’d much rather rub against each other as an act of foreplay rather than getting off during this position. I don’t mean to destroy your fantasies. Hell, I’m hoping this will actually make them better, but the best foreplay for lesbians is to feel how wet we can get while we rub against each other naked and most importantly, not in a game of twister like scissoring creates. The last and final thing to know about lesbians is this: When we tell you a girl is our girlfriend it isn’t so you can ask us to make out and prove to you that we just aren’t interested in you or what you have to give us. Men, as enjoyable as lesbians are, we are not here for your enjoyment - if anything, lesbians are purely existing for other hot woman.
